

## Four-year PhD Scholarship

The IAE-CSIC invites applications for one PhD Scholarship ("contrato predoctoral 2020") under the research project "Inequalities: The Crossroad of Labor, Education, and Financial Markets", funded by the Ministry of Science and Innovation, reference PDI2019-108144GB-100

**Research field:** Economics

**Location:** Institute for Economic Analysis, Spanish National Research Council, Bellaterra, Barcelona

**Deadline for application:** 27/10/2020, 14:00 h

**Eligibility conditions** - To be considered, applicants must:

- be enrolled or admitted into a PhD program in Economics at a Spanish university;
- show proficiency in English.

**Assessment criteria** - Preference will be given to candidates who have:

- strong background in quantitative methods (microeconometrics);
- experience working with statistical software and large micro datasets;
- academic achievements and research contributions;
- research interest in applied labor, education, or monetary economics.

**Benefits** - The successful candidate will:

- sign a full-time employment contract with CSIC ("contrato predoctoral");
- earn a gross starting salary of 16,422 Euro a year;
- receive a one-time lump sum of 6,860 as contribution for research visits and PhD tuition fees;
- have an equipped office at the IAE-CSIC;
- have access to the research infrastructure and support as member of the academic community of the IAE-CSIC and the Barcelona Graduate School of Economics.

**Duration of the contract**

- maximum 4 years, conditional on successful progression in the PhD program;
- in case of conclusion of the PhD before the start of the 4th year, the funding could be converted into a one-year post-doc fellowship.

**How to apply** - Please refer to the following website for details on how to apply:
